

Kodaira City's Future Vision by the Year 2032

“Connection, Co-creation, Co-daira (Kodaira)”

Three Goals to Achieve the Future Vision

I People

Fostering rich humanity to grow, learn and create new values.

II Lifestyle

Fostering an inclusive lifestyle of embracing diversity to connect and coexist.

III Community

Fostering a community to appreciate the beauty of nature and friendly neighborhoods.

By 2032, Kodaira will be a place where you can...

... raise your children in safe and friendly neighborhoods.

... enjoy watercourses, greeneries, and farmlands around us.

... live in a community resilient to natural disasters.

... visit local stores where you can expand your circle of interaction.

... embrace our differences while respecting each other.

... maintain a healthy work-life balance

... see everyone finds their own place.

... be proud of your local cultural inheritance.

... eat seasonal vegetables and fruits carefully and locally produced.

... help children and young people grow up with hopes and dreams.

... enjoy sports and cultural activities together.

... feel safe and secure through interaction and mutual help.

... see various people attracted to the charm of the city.
